MATERIALS & FINISHES

A coordinated palette for every cabin.

Hairline Silver

Hairline Gold

Hairline Copper

Antique Bronze

Etched Silver

Hairline Black

Warm Wood

Classic Wood

Mirror Finish

Black Galaxy

Cream Marble

White Marble Effect

CUSTOMISED FOR YOUR PROJECT

Materials, colours and dimensions can be customised to suit project requirements.

Visual samples from cabin renders. Confirm the final finish with a physical sample.

CUSTOMISE YOUR CABIN

Choose the finishes and details that suit your project.

STAINLESS STEEL FINISHES

Hairline Silver, Gold, Bronze & Black

Mirror and etched decorative finishes

01

MDF COLOURS & WOODGRAINS

Walnut, Oak, Mocha & Grey Ash

Ivory, Cashmere, Olive & Black woodgrain

02

FLOOR FINISHES

Cream marble, black marble & Black Galaxy

Choose a finish coordinated with the cabin

03

MIRROR & REAR WALL

Full-height or half-height mirror

Mirror with stainless steel or MDF panels

04

HANDRAILS & DETAILS

Silver, gold or bronze finishes

Position coordinated with the selected model

05

LED LIGHTING

Warm white or neutral white

Linear strips, ceiling frames & hidden lighting

06

YOUR MODEL. YOUR FINISH.

Scan the QR code to view the cabin photo, save it and enquire via WhatsApp.

Final colours and materials are confirmed using physical samples.

Available combinations and dimensions depend on the project design.

01 / CABIN ASSEMBLY

Betis
ELEVATORS AND ESCALATORS

PRODUCT COLLECTION / 2027

CABIN ASSEMBLY

PRODUCT RANGE

Residential, panoramic, high-capacity and custom-designed cabins.

ASSEMBLY

Cabin enclosure with a steel car frame.

CAR FRAME

Steel plate thickness: 4-8 mm, according to design.

CUSTOMISATION

Cabin dimensions and finishes tailored to project requirements.

PACKAGING

Protective industrial packaging for transport.

02 / CAR FRAME

Betis
ELEVATORS AND ESCALATORS

PRODUCT COLLECTION / 2027

CAR FRAME

PRODUCT

Steel car frame and platform assembly.

LIFT CONFIGURATION

Machine-room and machine-room-less options, subject to project design.

DRIVE OPTIONS

Geared or gearless traction systems.

ROPING OPTIONS

1:1 or 2:1, according to system design.

STEEL PLATES

Thickness: 4-8 mm.

03 / CAR SLING

Betis
ELEVATORS AND ESCALATORS

PRODUCT COLLECTION / 2027

CAR SLING

PRODUCT

Steel car sling with upper and lower frame members.

LIFT CONFIGURATION

Machine-room and machine-room-less options, subject to project design.

DRIVE OPTIONS

Geared or gearless traction systems.

ROPING OPTIONS

1:1 or 2:1, according to system design.

STEEL PLATES

Thickness: 4-8 mm.

04 / MACHINE BASES

Betis
ELEVATORS AND ESCALATORS

PRODUCT COLLECTION / 2027

MACHINE BASES

PRODUCT

Steel mounting bases for traction machines.

DRIVE OPTIONS

Geared and gearless machine base designs.

DESIGN OPTIONS

Alternative base layouts for different installation requirements.

STEEL PLATES

Thickness: 4-16 mm.

PROJECT DESIGN

Dimensions and mounting arrangement selected for the machine and project.

05 / MACHINE SUPPORT

ELEVATORS AND ESCALATORS

PRODUCT COLLECTION / 2027

MACHINE SUPPORT

PRODUCT

Raised steel support frame for a traction machine.

ASSEMBLY

Machine mounting platform with supporting steel members.

DRIVE OPTIONS

Project-specific traction machine arrangements.

STEEL PLATES

Thickness: 4-16 mm.

PROJECT DESIGN

Support height and mounting dimensions tailored to the installation.

06 / SHAFT STRUCTURE

Betis
ELEVATORS AND ESCALATORS

PRODUCT COLLECTION / 2027

SHAFT STRUCTURE

PRODUCT

Steel elevator shaft structure.

ASSEMBLY

Vertical steel columns and horizontal frame members.

LIFT CONFIGURATION

Machine-room and machine-room-less options, subject to project design.

STEEL PLATES

Thickness: 4-16 mm, according to structural design.

CUSTOMISATION

Shaft dimensions and frame arrangement tailored to the project.

07 / SERVICE ACCESS

PRODUCT COLLECTION / 2027

SERVICE ACCESS

FEATURE

Hinged suspended ceiling.

ACCESS

The ceiling panel opens from inside the cabin.

SERVICE BENEFIT

Provides technicians with access to the ceiling area.

APPLICATION

For cabin designs incorporating the hinged ceiling system.

DESIGN DETAIL

Opening arrangement integrated into the cabin design.
